EXPERIENCE

Intern, **Connecticut Insurance Department**, Hartford, CT January 2021-April 2021

- Drafted press releases on CID operations and regulations for the general public
- Designed bi-weekly internal newsletters for CID employees
- Tracked and summarized insurance bills in the CT state legislature

Teaching Assistant, **SPA Leadership Program**, American University August 2020-May 2021

- Oversaw 7 students' social action projects in the topics of education reform, veteran's benefits reform, financial literacy, food insecurity, political discourse, sexual assault awareness, to international students
- Connected students with professionals in their respective fields of research
- Directed weekly meetings with students

Summer Intern, **Mastercard Incorporated**, Purchase, NY June 2020-July 2020

- Assisted the Law, Franchise and Integrity-Public Policy team
- Provided the Master Your Card team with recommended actions to take with their non-profit partners to grow their involvement in financial education for at risk communities
- Collaborated with the Washington D.C. public policy team in data collection and research
- Conducted and later compiled high-level research on international market economies and regulation into comprehensive and easy to understand documents
- Edited the new Master Your Card website, content calendars, and newsletters

Congressional Intern, **Office of Congressman Jim Himes**, Bridgeport, CT April 2017-June 2017

- Partook in both written and conversational correspondence with constituents regarding time sensitive issues and concerns with government operations
- Opened and created casework for constituents dealing with issues regarding Government Agencies
- Informed Congressman Himes of important events and news in the CT-04 district
- Updated contact information for staffers at various institutions in the district

CAMPUS AND COMMUNITY SERVICE

Member, **SPA Leadership Program**, American University August 2017-present

- Collaborated with 6 other members to form a social action project that improves the performance of underprivileged students in the Washington D.C. area on standardized tests
- Drafted policy memos and conducted extensive research on the effects income inequality has on education
- Created a social awareness campaign to educate fellow students of the findings in the research conducted

SKILLS

- Critical thinker, sound argumentative ability, proven leader, strong writing and research skills, excellent communicator, effective team member and individual worker
