SKILLS SUMMARY: I am an expert communicator, both written and verbally, with great interpersonal skills. I have designed online curriculum and grown startups. I am fluent in Microsoft Office and Google Docs, have basic HTML skills, and extensive experience using LMSs such as Blackboard, Wordpress, and Moodle, and project management systems such as Salesforce, Highrise, and Basecamp. Current grad program includes digital badges in Adobe Captivate, Articulate Storyline 2, Camtasia, Go Animate, and 30 other productions tools.

ACCOMPLISHMENTS:
- Project manager for the Saylor Academy's largest joint course creation project to date. In conjunction with NASA, I led the website design, content production, and email newsletters of a Massive Open Online Course on Space Systems Engineering. The course had over 10,000 students enroll.
- Launched a successful writing business that allowed my family to travel to over 20 countries.
- Spent 2 years living abroad working remotely.
