

Where to park: Free parking is available after 5:00 PM in all unreserved spaces in university parking lots and garages. This includes the (most convenient) East Campus Garage underneath our building, accessible from New Mexico Ave.

Where parents can go during the Math Circle: You are welcome to explore campus during the sessions and use the University's guest Wi-Fi network. We do ask that you avoid congregating outside the classroom during the sessions. Here are some places nearby to sit down, have a coffee, chat with other parents, and so forth!
