EXPERIENCE

Senator Booker's Office, *Intern*, Washington D.C.

JAN 2022-PRES

- Researched data and previous policy support for healthcare, education, foreign policy, and environmental legislation
- Documented constituent concerns and tracked casework needs from over 80 voicemails per week
- Drafted cosponsor recommendations for new bills and resolutions

314 Action, *Development Intern*, Washington D.C.

SEP-DEC 2021

- Cleaned and combined multiple datasets with different formats using tidyverse in R
- Updated 50 NGP contacts per week of donors with a STEM interest using the FEC individual contributions database
- Tracked and collected the legislative activities of the endorsed candidates currently in office
- Identified state and local candidates with a background in a STEM field for possible endorsement

Public Affairs and Policy Lab, *Research Assistant*, American University

MAY-SEP 2021

- Researched over 1300 nonprofits that focus on supporting immigrants
- Compiled the mission statement, focus, activities, target group, partners, and donors of each nonprofit using Microsoft Excel
- Analyzed and summarized previous literature on the interplay between immigration nonprofits and government

Academic Support and Access Center, *Supplemental Instruction Leader*, American University

FEB 2020-MAY 2021

- Prepared revision sessions for the needs of 73 students enrolled in basic statistics
- Coordinated with professors and attended their classes to ensure cohesion regarding class material
- Observed and critiqued the sessions of other Supplemental Instruction Leaders

Complex Problems: The Problem of Freedom, *Program Leader*, American University

AUG-DEC 2020

- Facilitated a freshman core curriculum course of 20 students about political theory in tandem with a professor
- Prepared for and held 3 co-curricular events for freshman students, striving for social and academic growth
- Monitored class discussions as a liaison between the students and the professor

ACTIVITIES

SPA Leadership Program, *Member*, American University

AUG 2019-PRES

- Selected to study and develop leadership skills through advanced practical training and by implementing social action projects in local areas of need
- Conducted research projects on the impacts of chemicals in food on the environment as well as techniques for effective drug prevention programming
- Created an informational website concerning how to maintain sustainable habits during the COVID-19 pandemic

SPA Lincoln Scholars Program, *Member*, American University

AUG 2019-PRES

- Selected to explore political theory and questions of moral life in a context of intellectual and political diversity
- Analyzed and discussed important political texts such as de Toqueville's *Democracy in America*, Marx's *The Communist Manifesto*, Locke's *Second Treatise of Government*, and Plato's *Republic* with peers and professors
- Advised younger students in the cohort as one of the first students to participate in this program

SKILLS

- *Computer*: RStudio, R, IBM SPSS, Google Suite, Microsoft Suite, Weebly, JStor
- *Language*: French (advanced reading, writing, and verbal), Levantine Arabic (basic conversational)
