Draft Letter Alexander-Murray bill

Thank you Senators Chuck Grassley and Joni Ernst for supporting the Alexander-Murray bill looking to stabilize the ACA. As you may know, The Alexander-Murray bill is an agreement done by Sen. Patty Murray and Sen. Lamar Alexander which funds Obamacare's cost-sharing program recently removed by President Trump. This agreement will benefit millions of Americans that are currently worried and uncertain about their health care coverage.

Nonetheless, there is still a big step to take forward and support the reauthorization of the Children's Health Insurance Program better known as Hawk-i. Many children need our support above anyone else. Please, don't forget to support this reauthorization and step up for the kids that carry no responsibility for this actions. Children are the future of our country. They need our support now.

Iowa letter Senators and members of Congress

Dear [   ],

As an advocate for Step Up for Kids and the children in Iowa I am concerned on how your position as a politician will support health care, anti-parenting programs and childcare. It is of great importance and significance for these children that we stand up for them. Supporting each of these is essential for our children's capability to flourish, thrive and reach their happiness. As a community it's our goal to support and take action.

Sincerely,
[ ]
